products and services

Design & Engineering Services of Water Treatment Systems.

Water Treatment Systems - Carbon

- Filters - Multimedia Fitter - Sand
- Iron removal - Bag/Cartridge Filters
- Water Softening Plants
- Reverse Osmosis Plants
- Water Treatment Plants
- Waste Water Treatment Plants
- Centrifugal Sand Separators

Chemicals

- Raw Water Clarification
Coagulants and Flocculants.
- Reverse Osmosis
Antiscalants, Membrane cleaners,
Biocides, Filter Aids.
- Boiler Water Treatment
Oxygen Scavengers, Corrosion
Inhibitors, Deposit Controllers, pH
Boosters, Descalents.

about vasuchem technologies FZC

VasuChem Technologies is a leading supplier of premium quality water, waste water treatment, specialty chemicals, water testing kit, testing, and analysis as well as control equipments. Based at the prestigious Sharjah Free Trade Zone, Sharjah (SAIF) delivers significant benefits to our global customers. Today VasuChem Technologies is a multinational enterprise with global alliance and a strong technical team.

products and services

- **Cooling Water Treatment**

Corrosion and Scale Inhibitors, Biocides, Bio dispersants.

- **Chilled Water**

Corrosion Inhibitors, Biocides.

- **Waste Water**

Defoamers, Coagulants and Flocculants.

- **Biotechnology based products for water and wastewater application.**

- **Swimming Pool / Spa**

Disinfectants + Chlorine / Bromine based biocides, defoamers clarifying agents.

Flushing and Chemical Treatment for Chilled & Condensate Water Systems.

- System Survey & Method Statement
- Supply of Equipment / Tech. Manpower
- Water Survey
- Full compliance with approval and specification

Dosing Systems & Controllers

- Chilled Water / Cooling Water Controllers
- pH, Conductivity, Flow, Time
- Chlorine Dosing Systems
- ORP Controllers
- On-Site Chlorine Dioxide Systems

Test Kits & Monitoring Equipment

- Portable Water Testing Kits
- Corrosion racks and coupons
- Deposit / Biofouling Monitors
- On-Line Corrosion Monitoring System

Technical Services

- On site application support services
- Laboratory Services
- Microbiological Testing Services
- Value added Services – Water / Energy Savings
- Ambient / Indoor Air Quality Monitoring Services

vasuchem technologies FZC: your partner of choice

Innovation through Experience

From raw water to effluent water, we offer comprehensive solutions to maximize system efficiency while minimizing the costs.

Competitive Edge through Technical Experts

Successful water treatment programs are implemented by VasuChem Technologies through well trained professionals who make the difference! Our well-balanced team offer optimum solutions for the dynamic nature of plant operations.

Understanding our Customer's Business

Our first step is to get a solid understanding of our customer's objectives and priorities and then use our technical expertise to help them gain the competitive advantage. Our proactive approach to technical issues enables our customers to understand and implement cost effective solutions for industrial water treatment problems.
